

# THE CHARLEROI MAIL

VOLUME XXI—NO 2

CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, MONDAY, JUNE 7, 1930

TWO CENTS

## COUNTRY CLUB WILL BE OPENED TO MEMBERS ON 4TH OF JULY

Golf Links, Tennis Courts, and Trap Shooting in Readiness For That Date

### CLUB HOUSE WELL UNDER WAY

Formal announcement is made that the Monongahela Valley Country Club, located on the State Highway between Monongahela and Charleroi, will be opened on July 4th. The golf links, tennis courts and clay pigeon traps will be open for members on that date and the occasion is expected to be one of great interest to all the members.

The Club was organized September 25, 1915, at a meeting held in Donora, and was one of the many efforts that have been put forth in the past ten years to establish a Country Club in the upper Monongahela valley. It is incorporated under the laws of Pennsylvania with an authorized capital of \$100,000 divided into 500 shares of \$200 each. The membership has been limited to 300, the balance of the stock to be retained in the treasury for the time being.

The membership list has been completed and already there is a waiting list. Membership is held by men from Monongahela, Donora, Monessen and Charleroi. The club property totals 165 acres, including what was formerly the Warren, Hazerty and Vanderslice farms in Carroll township and commands a wonderful view of the surrounding country with clear bracing air as one of its natural advantages.

Natural scenery of wonderful beauty features the tract secured from the Vanderslice heirs. With only slight landscaping, a ravine has been converted into an ideal spot for picnics and camping parties. The property includes a number of natural springs, 19 acres of fruit trees and sufficient ground for the erection of summer homes for members, a project the directors expect to undertake next summer.

The old Vanderslice home, erected a half century ago by Aaron Brawdy has been transformed into a modern club house. The old mansion was substantially built, and the interior finished in hardwood with marble mantles imported especially for this home. Capacity, comfort and utility have been deftly worked into this new clubhouse, which will be completed about the first of September, and which promises to be the pride of the membership.

The officers of the club are Louis X. Elv, of Monessen. President; Dr. Edwin McKay of Charleroi vice president; John S. C. Herron of Monongahela, treasurer and Gilbert E. Koedel of Donora, secretary.

The organization is controlled by a board of twelve directors, three each from Monongahela, Donora, Monessen and Charleroi. When the plans of the officers have been fully completed the club is expected to be one of the most picturesque and interesting in western Pennsylvania.

## One Man Under Arrest For The Finleyville Bank Robbery

John Hogan, discharged by the federal authorities in Pittsburgh on grant Peter Bradley of Baltimore, Saturday from any complicity in any of the recent postoffice robberies in this section of the state, was immediately re-arrested on a warrant "Big Bill." This gang, said to number out by J. F. Boyer, cashier of the First National Bank of Finleyville as being one of the parties who looted that institution two weeks ago. Hogan, it is said, was partially identified by John Zwick of Finleyville, and a negro woman employed as a maid in the Boyer home. Hogan, who is aged 39 years, and believed to be implicated in the robbery who gave his address as in Fayette street, Pittsburgh, was brought to Monongahela on Saturday for a hearing before Alderman Elwood, before whom the warrant was sworn out. He was remanded to jail, and will be held pending further hearings.

## CRAP SHOOTERS RUN FROM THE POLICE

Chief of Police Albright and members of the police force, assisted by Constable Corey, attempted to make a raid on a lot of crap shooters, Sunday afternoon, who were holding forth on the bluff overlooking Maple creek, near Meadow avenue and First street. All of the officers were dressed in plain clothes and hoped to get close enough to the law violators to make arrests, but the players had "spotters" located in advantageous positions, who gave the alarm on the approach of the representatives of the law. As soon as the alarm was given, in which it is said one woman joined, the players scattered in different directions and were soon out of sight.

Chief Albright has received numerous complaints about this nuisance on the hill, and will make every endeavor to break it up, even if the State Police have to be called upon to assist. The players appear to have a well organized "intelligence" department and it will be necessary to adopt some adroit method, probably in order to get hold of the offenders.

Robert Gray.

Robert Gray, aged 39 years, husband of Lizzie Gray, (nee Laverick) died at his home in Dunlevy, Sunday evening at 11:45 o'clock. He had been ill for the past ten months. He was born at New Castle, but had been a resident of Dunlevy for the past 29 years. He was a member of the Charleroi Order of Red Men. He is survived by his widow and four children, Dolores, Olive, Earl and Robert, Jr.; his mother, Mrs. Betty Gray of Dunlevy, three brothers, Thomas of Dunlevy, Alex. of Roscoe, and John of Lore City, Ohio; four sisters, Mrs. Wm. Jones of Donora, Mrs. Eil Motts of California, Mrs. Harry Minehard of Brownsville and Mrs. Gus Renke of Chicago, Ill. Funeral services will be held Wednesday afternoon at 2 o'clock, Eastern Standard time, in Donora cemetery.

Miss Ena Riva who was operated on for appendicitis at the Charleroi Monessen hospital is improving.

## HAUL "LIKKE" IN BIG GARBAGE CAN

"Pi khandle," sometimes designated as "white lightning," hauled around in a garbage can, is a new wrinkle in the distribution of illegal booze, and to the police of Monessen fall the honors of having picked a couple of vendors who were about to make deliveries in the big steel town. Colo Paraunto and Albert Shelli were in charge of the truck which contained the garbage can. The Monessen police thought it an unusual hour to collect garbage and they made an investigation. The can was found to contain a large number of bottles of "pickhandle," while a barrel wrapped in burlap was found to contain about 25 gallons of white lightning. The men refused to divulge their destination, but it was believed they were about to invade the hill district of Monessen, where no doubt they expected to dispose of the stuff. The truck and the two men were taken to the police station and the vendors held for action on the part of federal authorities.

## LOCAL COUPLE MARRIED SATURDAY EVENING

Saturday evening at 7:30 o'clock in the study of the Washington Avenue Presbyterian church, occurred the marriage of Frank Jacquelin and Miss Jessie Schwaerer both of Charleroi. The ceremony was performed by the pastor of the church, the Rev. John R. Burson and the ring ceremony was used. The study was decorated with flowers in keeping with the event, and Mr. and Mrs. George W. Moody acted in the capacity of best man and bridesmaid. The bride was gowned in a brown travelling suit and wore a corsage bouquet. Mr. Jacquelin is a well known young man, having been for years associated with the Moody stores on Crest avenue, while the bride was a clerk in the Gelder grocery on Crest avenue. Mr. and Mrs. Jacquelin expect to engage in a business venture in North Charleroi, where they already have property, and where they will be at home to their friends after June 15.

## BOARD OF TRADE WILL PROMOTE FARM AND GARDEN SHOW IN FALL

Rev. Mr. Crummy, of Elderton, Pa. who preached at the First Presbyterian church on Sunday, was compelled to return home immediately after the morning services owing to the serious illness of his wife, and as a consequence no evening service was held. However Mr. Crummy was invited to come back and conduct services on another Sunday.

Prizes Will Be Offered In Different Classes To Be Represented

### OTHER MATTERS DISCUSSED

## NO MORE SUNDAY GAMES AT FAYETTE CITY

Sunday baseball at Brightwell Field, Fayette City, is a thing of the past. This has been decided upon. Captain-Manager Henry Wilson, the veteran ball player of Fayette City, has announced that he is done with the sport so far as it pertains to his home town.

A hearing had been scheduled for Friday evening at Perryopolis for the players who participated in a game at Fayette City on the 30th of May, information having been made there a day or two following the game. The names of the players taking part were taken previous to starting the game and a few days later the informations were made.

Before the hearing was held, however, an agreement was reached between the prosecutors and Henry Wilson, by which he agreed to cease playing Sunday ball games, and the prosecutors agreed to withdraw the charges. Wilson, it is said, will play the balance-of-the-season with the Brownsville team.

## TENDER SURPRISE TO FAITHFUL TEACHER

The members of the Teacher Training class of the Washington Avenue Presbyterian church gave a surprise reception in honor of their teacher Miss Etta M. Work, last Friday evening, in the Sunday school room. After a pleasant evening had been spent a second surprise greeted the guests. The curtain was lifted and a table was displayed beautifully decorated in the colors of the class, yellow and white, the colors being carried out in the lunch as well. Covers were laid for twelve and a two course luncheon was served. Everything was tastefully planned and carried out to the best effect. At the close of the luncheon Mrs. C. Robertson presented Miss Work, in behalf of the class, with an ivory clock, a token of respect and remembrance for her loyal and diligent work as teacher of the class for the past five years. The committee in charge of the reception was Misses Florence Wellogg, Mildred Sauters, Helen Hill, Margaret Gunderman and Mildred Snyder. Those present were Misses Charlotte and Margaret Swan, Grace Fleming, Ida Stagle, Rose Paterlini, Blanche Allison and Mildred Metz.

Born—To Mr. and Mrs. Ollie Grand, June 7th—a daughter.

A meeting of the Board of Directors of the Board of Trade, and chairman of all the committees was held at the Elks Club Friday evening last. At that time the question of a permanent meeting place, as well as the possibility of employing a permanent secretary was taken up and discussed. As to a meeting place, it was decided to ask the borough council for quarters in the municipal building, while no action was taken with reference to a permanent secretary.

The agricultural committee presented plans for a farm and garden show, to be given some time next fall, and the proposition was approved. Chairman Darby of the committee, said the plans had only been partly outlined, but with the approval of the Board of Trade all arrangements would be made for the exhibit. It was decided to have the show divided into three classes, for farmers, gardeners and amateur gardeners, with three prizes for each class, \$10 for the first, \$5 for the second and \$3 for the third. In this way all of those raising gardens this year, whether a farmer, a scientific gardener or an amateur will have an opportunity to win their respective classes.

The good-roads question was also taken. H. W. Scott, a member of the committee, reported that he was in Washington on Friday, and had been informed that the Pittsburgh Street Railways company had requested a few days more time to work out changes in the street car line to comply with the plans recently adopted by the state highway department. Plans for the road have been approved as far as Allentown, and the department is now working on tentative plans from Allentown to Roscoe. The opinion prevailed that some definite action would be secured on the river road some time this summer.

The membership committee reported they had plans for a membership campaign well under way and would be ready to announce the captains and teams within a short time. It is the purpose of the Board of Trade to increase the membership of the organization, and enroll a large number of additional members.

The experts say a family of five can live on \$2,500 a year, but decline to make merriment among bachelors and spinsters by adding that a family of one can live on one-fifth of that sum.

Government bonds at a price which means a yield of 6 1/4 per cent is a fine investment because by no possible chance can the purchaser lose.

## RUSSIA'S FORCED LABOR

It has been supposed by distant observers that forced labor in Russia under military overseers was adopted as an emergency measure because of the break-down of production under chaotic revolutionary conditions, but it seems that this extraordinary policy has been proclaimed as "an essential part of the socialist programme as planned from the beginning" and intended to be permanent. It appears that the congresses of the communists, trade unions, metal workers' unions and miners' unions which were held in Moscow and Petrograd between March 24 and April 10 were all addressed by Lenin in person and all taught the doctrine of the militarization of labor as an essential Bolshevik policy. Moreover, the press reports are said to agree that by the soviet commissars "the abolition of free labor was hailed as a great victory," the Bolshevik speakers contending that "free labor like property and free trade, was an instrument of exploitation."

This deepens the mystery of the Russian situation. If such pronouncements are really more than an effort to make a virtue of necessity, what are we to think of forced labor as a permanent institution, as a pillar of support, in a revolution that is supposed to represent democracy run to mad extremes? It is safe to predict that this will not be the only paradox to appear in a despotism masquerading as a democracy. Doubtless it is equally safe to predict that forced labor will prove disappointing in the matter of production.

It may now cost \$3.00 to make a 50 cent article, as one manufacturer submits, but is that a sufficient reason why such an article should retail at \$5.00, or why, in the alleged cutting of clothing prices, a \$17 suit should be marked down from \$60 to only \$49.80?

When every countryside is supposed to be flocking into the nearest towns it is something of a surprise to see the tears of cities that have increased but little in population and to hear the groans of others that have even declined.

The present storm period is leaving such a mass of wreckage in its wake that it will cost several thousand dollars to repair the damage. This refers particularly to highways which in many instances have been washed out or covered with debris.

Petty troubles are like fleas—the more you hunt for them the worse they itch. But they are different fleas but a human being often dies of fleas but a human being often dies of troubles.

With an outbreak of the terrible bubonic plague as near our shores as Vera Cruz, Mexico, our government can not do too much to help stamp it out there and thus prevent its spread northward.

The Republican national ticket is one that is bound to grow in favor and strength as the campaign proceeds.

There never was a man who couldn't trust himself who didn't get mad all over if anybody else failed to trust him.

## Amusing Himself.

Elizabeth and her mother went to the city to spend the day, leaving Aunt Eleanor, a house guest, alone. Upon their return Elizabeth questioned: "Aunt Nellie, did you get lonely while we were away?" "Yes," was the reply, whereupon the little miss asked: "Then did you tell yourself a nice story?"

The North Charlottesville School Board will receive applications for grade teachers until June 29, 1920 7:30 P. M. when they expect to elect six grade teachers. Call for application blanks at Sec'y address.

Remember your dead. W. S. Cook and Co. Monuments with Lawrence Frye Funeral Director. 205-f

## P. H. C. TO ARRANGE FOR VARIOUS EVENTS

A very well attended and interesting meeting of the P. H. C. Circle, No. 303, P. H. C. was held Friday evening in P. H. C. hall. Officers were nominated for the ensuing term of six months. M. C. Cochran, State Deputy from Altoona, was present and made a timely and appropriate address on the good of the order. Arrangements will be completed at a meeting to be held Monday at the home of Mr. and Mrs. King Jones, Sixth street, to banquet the members of James G. Blaine Circle of Brownsville, who won the contest between Brownsville and Charlottesville Circles during the past winter. At this meeting full particulars will be given of a moonlight picnic to be held at Oakland Park. A contest for new members has been arranged for with a trip to Buffalo and Niagara Falls next June as a prize.

A Circle of Sorrow was held in honor of Frank Sharpnack, who died last week as a result of being gassed in the Donora mill.

The party which attended Donora Circle Wednesday evening reported a good time and the "walking very good."

## TO APPOINT A FIELD SECRETARY

A special committee representing all of the sub-districts of the county but three held a meeting Friday noon with reference to securing a Field Secretary for the Washington County Sabbath School Association. The committee decided to recommend to the convention that the Board of Control be authorized to secure such an official, and at the afternoon meeting the action of the committee was confirmed. From this action is expected to result the selection of a capable man to take up the duties of Field Secretary, who will give his entire time to the benefit of the various Sunday schools of the county. No selection has yet been made for this important office.

## EXPECTED RISE WAS A "FLIVVER"

Reports were given out on Thursday that a flood stage was expected in the river, due to a very heavy rainfall of the preceding day, when almost four inches of rainfall was recorded. Employees at the Lock, as well as on the improvements under way adjacent thereto made preparations to remove all property that might be carried away by the expected flood. However, after all preparations for the increased stage had been made the river suddenly ceased to rise; it fact it became stationary Thursday afternoon and shortly thereafter began to fall, and is now slowly receding to normal conditions. What is puzzling the rivermen, even the oldest of them, is, what became of all the precipitation which took place Wednesday afternoon and on Thursday?

## TAKE PART IN BENEFIT PLAY AT BROWNSVILLE

Miss Ethel Barth, who is a member of the choir of the First Presbyterian church of Brownsville, took part in the production of "The Chimes of Normandy" at Brownsville on Thursday evening, in which she had the dual role of Serpolette and Germaine, both of which interpretations she gave in the most satisfactory manner. Warren Kunder, chorister at the Central church, Brownsville, assumed the role of "Grenicheux," and rendered it in a manner that was highly commended. The play was given for the benefit of the Brownsville hospital.

## RETURNS HOME FROM THE SUNNY SOUTH

W. B. Risbeck, accompanied by Mrs. Risbeck, returned Sunday last from Jacksonville, Florida, where they spent several months. While in Jacksonville Mr. Risbeck underwent an operation for an old ailment and has about recovered. He is looking for a house, the same as dozens of others in the big steel town, although he says he is not going to look too long. If he can't find a house he is going to find a lot and build one. Mr. Risbeck expects to make Donora his home.

## DELEGATES SHOW GREAT ENTHUSIASM

About 175 delegates are in attendance of the Older Boys' and Girls' Conference being held today at the High School auditorium. The younger representatives are entering into the spirit of the convention with great enthusiasm, as was evidenced by the song service this morning. The convention will end at 8 o'clock this evening.

One of the candidates says he is against "de-humanizing labor." Whatever that may mean at a time when labor is the cock of the walk and drawing princely wages, everybody—including all the other candidates—will readily subscribe to the sentiment.

## Headin' East Now!!

Here's "Doug" Fairbanks and his bride (Mary Pickford) on their honeymoon, which they hope will take them to Europe. While passing through Washington they stopped at the White House and paid their compliments to the president through Secretary Tumulty. The picture was taken as they left.

## PLAINTIFF GIVEN A SMALL VERDICT

A sealed verdict was rendered by a jury in the Washington county court on Friday, in the case of John H. Frye against L. V. Kinder. The case was tried before Judge Haldain B. Hughes on Wednesday and Thursday. The case was given to the jury late Thursday afternoon and they returned a sealed verdict the same evening which was opened in court Friday morning. Before the verdict was opened yesterday morning some of the jurors expressed themselves as being dissatisfied with the verdict and asked if they could destroy the verdict given and render a new one. This was rather an unusual request, for a jury generally abides by its decision. The court directed the jurors to take their places in the jury box and ordered the clerk to call the roll and take a vote. However, when this was done all decided to stand by the original verdict. It was then opened by the court and found to carry an award of \$61.10 damages to the plaintiff. This was a suit to recover damages alleged due from water diverted from the public road by the defendant on to the plaintiff's land in Fallowfield township.

## OFFERS REWARD FOR RETURN OF SECURITIES

A reward of \$5,000 has been offered by the First National Bank of Finleyville, for the return or information leading to the recovery of the corporate and municipal bonds stolen from the bank when it was robbed by six men on May 24. A proportionate part of the reward will be paid for the recovery of any part of the bonds announced J. F. Boyer, cashier of the bank, on Friday.

The market value of the bonds is approximately \$125,000, says Mr. Boyer, but he has spread letters and telegrams broadcast stopping payment on the bonds. The reward is offered because of the inconvenience and actual monetary loss that would result to the bank in establishing its title to the bonds should they not be recovered. Ownership would have to be established and payment awaited until the maturity of the various issues. The legal steps necessary to accomplish this would cost almost as much as the reward offered.

## WANT WOMAN ON ALL SCHOOL BOARDS IN STATE

Two women on each school board in the state is the aim of the Pennsylvania League of Women's Citizens, according to Miss Mary Sleicher state organizer, who was in the valley the past few weeks in the interest of forming these women organizations.

Wealth isn't everything, but many of those who have it do not seem to know that it isn't everything.

## WOMEN NEED NOT STAND IT

**Lydia E. Pinkham's Vegetable Compound Surely Removes Suffering and Pain. Here is Proof.**

St. Paul, Neb.—"I suffered with periodical pain for about four years so that I was unable to do my work at times. A friend told me about Lydia E. Pinkham's Vegetable Compound and I took it. It soon stopped all my suffering so that I am now feeling fine in every way. I recommend your medicine to my friends who have similar troubles. You may publish this letter for the benefit of other women."—Mrs. WILL THOMAS, St. Paul, Neb.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who now are free from suffering by its use.

Exclusive agent for the Sheets lots, only a very few left at the right prices. Terms can be offered on several of these properties and it will be to your advantage to see Scott at Lock No. 4, Pa.

There is a cityward tide in Mexico, too, said to be due, not to the lure of high wages, but to the fear of bandits in the thinly settled districts.

## The Cheney Acoustic Throat

like the human vocal organs, gathers and blends tones and overtones and releases them in perfect harmonic balance. Description cannot do justice to the clear vibrant beauty of Cheney reproductions.

## The CHENEY

Adds to Enjoyment of Music

The melody of a piece from grand opera may be whistled, but the harmony can only be brought out by a concert of instruments and voices.

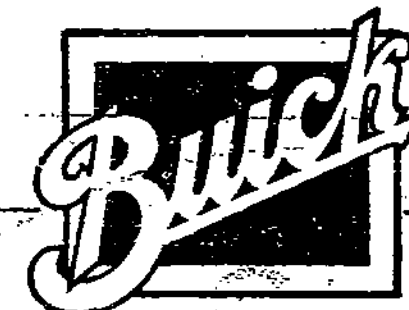

So, with The Cheney, all recorded music is made more beautiful because of the background of harmony which this wonderful instrument reveals.

By its original methods of reproduction, The Cheney restores each delicate shade and rich overtone, increasing the pleasure of playing your favorite selections.
